

Williamson's Furniture

November
Business Spotlight

Williamson's has provided quality home furnishings and hometown customer service since 1969. We have a large selection of furniture and mattresses. We carry quality brands like Mayo, Flexsteel, Best, Bassett, Omnia Leather, and now, Tempurpedic. These brands represent what Williamson's has been known for since 1969: Quality.

We pride ourselves in providing furnishings to our communities at a fair price and excellent customer service. We set ourselves apart from the competition by being hands on in every aspect of the business. When you buy from Williamson's, you can expect small town customer service.

We have customers that have bought from us for generations. They all tell the same story, quality furniture and top-notch customer service. It's pretty satisfying to hear customers talking about buying furniture from Betty and Denzel since the 1960's. We look forward to carrying on that tradition for future generations.

In 2019, we took what we have been doing in Pauls Valley since 1969 to Ada. Jesse Williamson moved to Ada to head up the expansion along with Ben and Denny. Jesse has been an active member of the community and served on the Ada Chamber board. Ada and the surrounding areas have been great supporters of our new location.

Our big city competition cannot offer the level of customer service that we do. We can help design your perfect living room, help you pick the best mattress for you, and if a problem arises, we will personally handle it in the most efficient way possible.

We would love to thank all the people in the community that have supported and will continue to support us in the coming years. It is our hope that customers will be telling our future generations about buying from us. Williamson's offers brands and prices for everyone and small-town customer service where everyone is treated fairly.
